StayNest

A Smarter Way to Find Boarding Houses

StayNest is a mobile app and web platform that connects ADSSU students to verified, affordable boarding houses near campus — with smart filters, real student reviews, and direct chat with landlords.

THE PROBLEM

1. **Limited Information on Boarding Houses**
   Students rely on Facebook posts, recommendations, or random listings, but key details like water supply, flood risks, and house rules are often missing.

2. **Safety & Trust Issues**
   Many listings lack details on security, rules, and actual conditions, so students worry whether the place is reliable and safe.

3. **Location & Transportation Challenges**
   Some boarding houses are far from school, making it hard to get home, especially after evening classes with limited transport.

4. **Boarding House Quality Concerns**
   Students may face limited water supply, flood-prone areas, weak security, and other issues with the overall living environment.

5. **Time & Stress in Finding the Right Place**
   Searching takes time and effort, especially for freshmen, transferees, and students from outside Bunawan who are unfamiliar with the area.

ADSSU STUDENTS *face these struggles daily.*

OUR SOLUTION

MOBILE APP

WEB

StayNest is a mobile app and web platform with a matching feature for every student struggle.

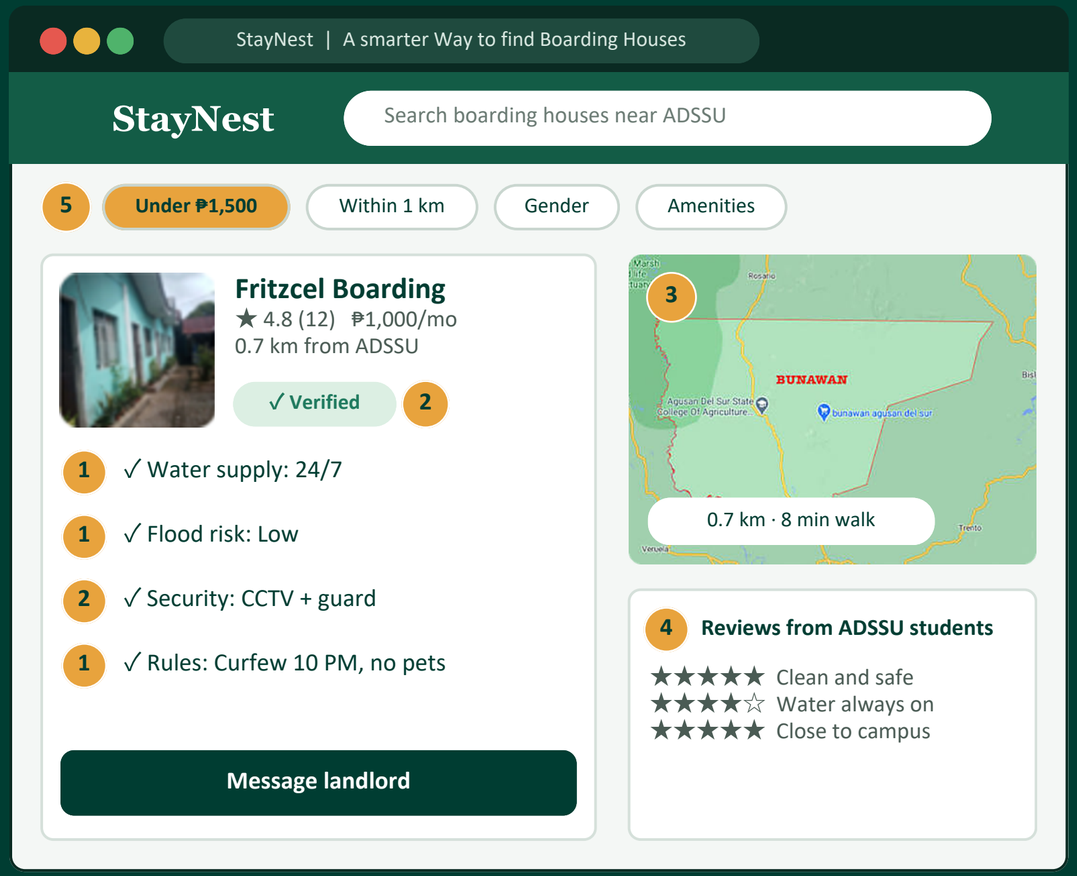

1 LIMITED INFORMATION
Complete Listing Details
Water supply, flood risk, house rules, and photos in every listing.

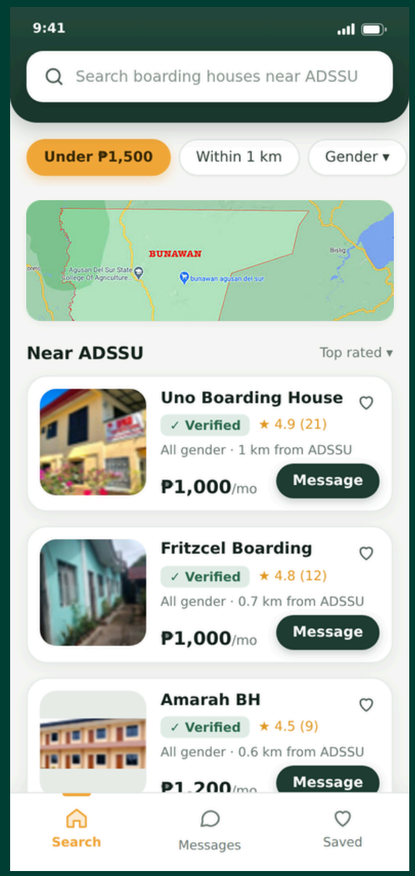

2 SAFETY & TRUST ISSUES
Verified Listings & Security Info
Verified badge plus security details like CCTV, guard, and curfew.

3 LOCATION & TRANSPORTATION
Distance & Map Search
See km from ADSSU and filter listings by distance on the map.

4 QUALITY CONCERNS
Student Ratings & Facility Checklist
Real ADSSU reviews and a checklist of basic facilities.

5 TIME & STRESS
One-Stop Search & Direct Chat
Filter all listings in one place and message landlords instantly.

Every problem students face is solved by a matching StayNest feature.

TARGET CUSTOMERS

Three groups StayNest is built to serve.

PRIMARY USERS

ADSSU Students

Especially freshmen, transferees, and students from other towns who need housing near campus.

SUPPLY SIDE

Boarding House Owners

Landlords in Bunawan who want to fill vacant rooms faster with trusted students.

DECISION INFLUENCERS

Parents

Parents who want safe, affordable options for their children studying at ADSSU.

Students search, landlords list, and parents gain peace of mind.

TECHNOLOGY

One connected platform: every part of StayNest works together.

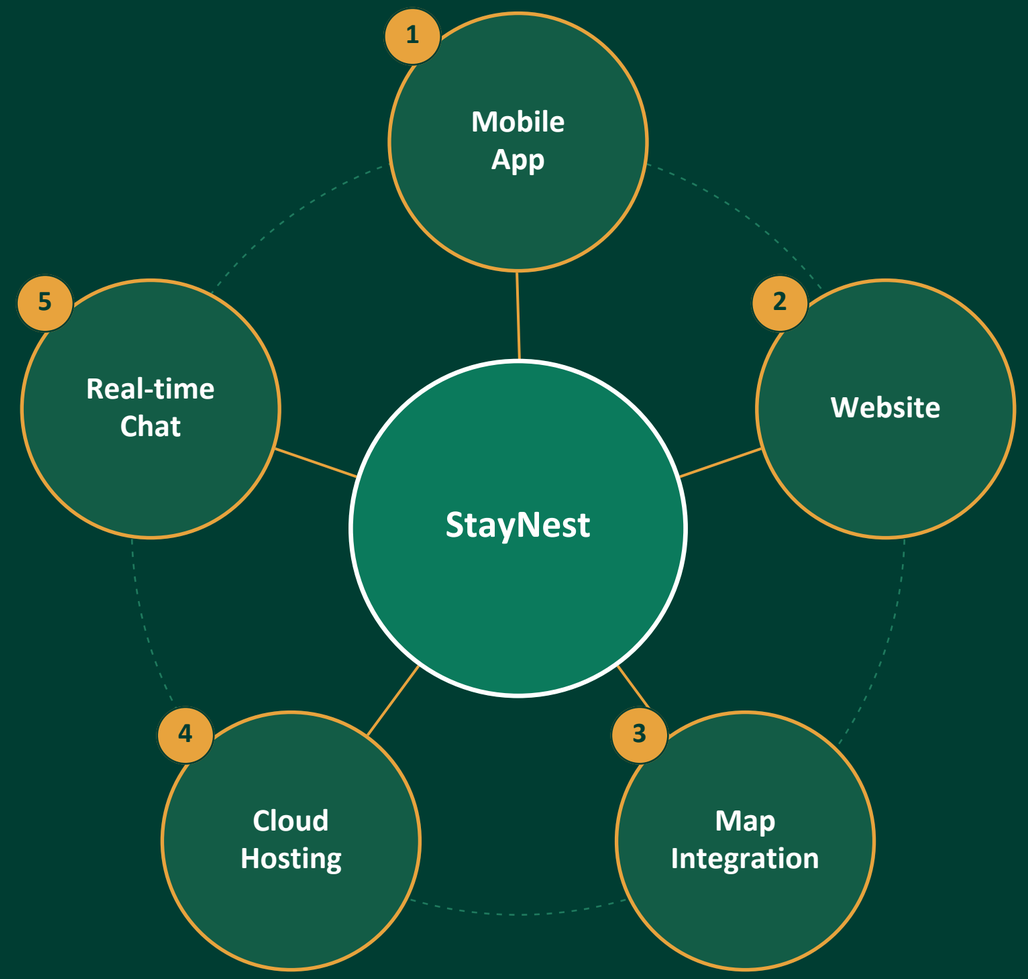

1 Mobile Application
Search, save, and message listings on the go.

2 Responsive Website
The same experience on phone, tablet, and desktop.

3 Map Integration
Pin listings and show distance from ADSSU.

4 Cloud Computing
Secure cloud database and hosting for listings and user data.

5 Real-time Chat
Message landlords instantly, right inside the platform.

Mobile app + website + map + cloud: one platform from search to chat.

BUSINESS MODELS

Three revenue streams that grow together with StayNest.

01

Commission

5%
per booking

Small fee from successful boarding house bookings or referrals.

02

Subscription Plan

₱49
every month

₱299
every year

Monthly or yearly plans for landlords who want unlimited listings and tools.

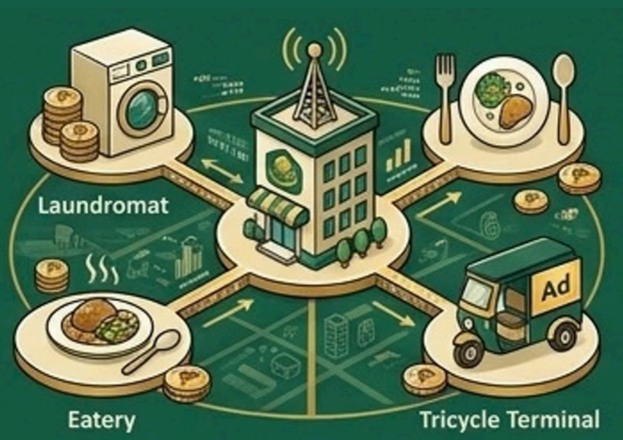

03

Local Advertising

Future
revenue stream

Future revenue from nearby businesses (laundry, eateries, tricycle services).

ECOSYSTEM SUPPORT NEEDED

Four partners that help StayNest reach and serve students.

1

ADSSU Administration

Campus endorsement and access to students.

2

LGU / Partners

Local coordination and community support.

3

Student Organizations

Student outreach and early adopters.

4

Local Landlords

Verified boarding house listings and rooms.

StayNest grows with the support of these partners across the ADSSU community.

WHY OUR IDEA?

Five reasons StayNest is worth building.

1. **Real student problem**
   The daily struggle for safe, affordable housing near ADSSU.

2. **Simple & useful technology**
   An easy-to-use platform on phones and computers.

3. **Clear value for both sides**
   Students find homes faster; landlords fill rooms sooner.

4. **Sustainable business potential**
   Multiple revenue streams for long-term impact.

5. **STRONG LOCAL FIT**

Built specially for ADSSU students in Bunawan, Agusan del Sur.

Safer, simpler, and faster student housing in Bunawan.
